

Snow Shovelers Needed

If you can commit to shoveling 5-8 apartments when we've had a snowfall of a ½" or more of snow or ice then I'd like to talk to you.

Pay : \$15/hr

Reportable for tax purposes : Yes

When : When it snows morning or evening.

I'll provide the shovel and ice melt. The goal is to keep the walkways free from snow and ice.

There should be enough shovelers so that if you need to go away for a weekend you will have backup.

Dennis Muniz in apt 6 will coordinate everyone who wants to participate. If you'd like to know what it was like last year to shovel in the bitter cold then call Dennis and ask him to describe his experience. He can be reached at 815-4097.

Call me at 655 9482 to notify me of your interest.

Jon Davidson
